Restrictions:

Payment form is **Visa – MasterCard or Cash (discount applicable for cash).**

Laser tag is not recommended for children under the age of 10. If you want to book a party for children under the age of 10, please bring in the birthday child so we can do a walk through to make sure he or she will be comfortable. If the party has children under the age of 10, then the party of players must include at least one paid and participating adult (not an older sibling). Final play eligibility determination will remain the sole responsibility of the ownership.

A word of advice:

I own and operate the laser tag facility as a hobby, for fun. I want to bring the fun and excitement of playing laser tag to the community. To that end I will **NOT** tolerate obnoxious, annoying, boorish, selfish, critical, and/or down right rude behavior from anyone in the party. Don't ruin your child's birthday: quite simply behave, be nice and follow the rules posted, and everyone will have a good time. If you don't, I will tell you to leave. Life is too short to put up with people like that!

Tips for your Party!

1. Please begin your party activities as close to your party start time as possible. We suggest waiting no more than fifteen (10) minutes for late partygoers. Wait any longer than that and you risk going over into the next appointment slot.
2. Once everyone is here, we will begin the laser tag briefing and the start of their first game.
3. They will come out get their score sheets. We will give them a short break and they will begin again. This process will continue until both (2) games are complete. (There are times when we will opt to run 2 games back to back.)
4. Then start with your food items (cake/pizza).
5. Then, if it is in your family's tradition, gift opening and thank you's.

Suggested token usage: Before all persons arrive, you might distribute some of the tokens that come with the party to keep those that are here already occupied until the party starts. Then when all the laser tag games are complete, use the remaining tokens to keep them busy until it is time to depart or their parents pick them up. (Additional tokens may be purchased from the token machine or front counter.)

Remember we have other guests that are going to be using the party room and we do these by appointment. If you run over, we won't have time to finish cleaning before the next party. It is very uncomfortable for us to have to ask you to vacate the room. Using the above format insures that all necessary room activities will be complete. We are not saying you have to be out of the building by your end time. We only ask that you and your guests be finished with the party room.

Thank you for your cooperation.
